## EXPERIENCE

### AI Automation Developer Intern

April 2026 – Present

EdVisingU | Remote

- Engineered end-to-end AI automation workflows using Claude, n8n, and Codex, reducing content production time by ~60% and supporting lead generation and digital marketing operations for an EdTech startup.
- Developed HeyGen AI avatar pipelines for short-form educational content across TikTok, Instagram Reels, YouTube Shorts, and LinkedIn, scaling to 5+ published series in under 3 months.
- Selected as one of 10 founding members completing the official Anthropic Claude Technical Architect certification through the Claude Partner Network, validating mastery of LLM API design and agentic workflow architecture
- Architected a passive income ecosystem — automated sales funnels, digital product workflows, and newsletter growth pipelines, reducing manual ops effort by an estimated 4+ hours/week.
- Worked alongside software engineers from Ontario and Arizona State University on AI-powered business systems.

### Web App Developer Intern

Jan 2026 – Mar 2026

SWL Co. | Remote

- Developed a full-stack web application using Python and JavaScript, delivering 5+ core features independently.
- Integrated NLP models to add AI-driven functionality, improving the application's intelligent response capabilities.
- Designed and implemented responsive front-end interfaces, ensuring a seamless user experience across devices.
- Managed end-to-end development lifecycle including planning, building, testing, and deployment of web features.

### Application Developer Assistant Intern

Jan 2024 – Apr 2024

Andie Works | On Site

- Built and improved front-end features for web applications, translating wireframes into responsive user interfaces.
- Performed testing and debugging to identify defects, improving application stability and performance.
- Collaborated with back-end developers and UX designers in an Agile environment, contributing to sprint planning, code reviews, and iterative feature delivery.

## PROJECTS

### AI Content Automation Pipeline | Claude Code, Claude Cowork, n8n, HeyGen, Codex, REST APIs

[github.com/Zaid06Khan](https://github.com/Zaid06Khan)

- Architected a multi-agent automation system (Open-Claw, n8n, Claude API, Qwen3.6, Supabase) to autonomously generate digital products, published and distribute content to 5+ social platforms, eliminating 4+ hours/week of manual ops across 4 revenue streams.

### Habit Tracker App | React Native, Expo, TypeScript, JavaScript

[github.com/Zaid06Khan/habit-tracker-app](https://github.com/Zaid06Khan/habit-tracker-app)

- Built a cross-platform mobile habit tracking app using React Native and Expo, supporting iOS and Android with TypeScript architecture.

### Google Trends Data Analysis | Python, Pandas, Matplotlib, Google Trends API

[github.com/Zaid06Khan/google-trends-analysis](https://github.com/Zaid06Khan/google-trends-analysis)

- Extracted and analyzed search trend data to identify interest patterns and compare keyword popularity across regions and time periods.

### ATS Resume Scanner | Next.js 14, TypeScript, Tailwind CSS, Claude API

<https://github.com/Zaid06Khan/resume-ats-scanner>

- Building a full-stack AI-powered web tool that parses resumes against job descriptions using Claude's API, surfacing ATS keyword gaps and match scores — modelled on production reference sites and deployed to Vercel.

## SKILLS

**Languages:** Python, JavaScript, SQL, HTML5, CSS3, Java, Bash

**Libraries & Frameworks:** Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, Flask, Beautiful Soup, Selenium, Next.js

**Generative AI & Agentic Workflows:** Open-Claw, Claude Code, n8n, Codex, Prompt Engineering, LLM API Design, RAG

**Tools:** Git, GitHub, VS Code, PostgreSQL, SQLite, Excel, Power BI, Tableau JIRA, Expo, Vercel, Supabase, HeyGen

**Concepts:** Data Analysis, Agile/Scrum, REST APIs, OOP, Web Deployment, Process Optimization, Stakeholder Management, Business Requirements (BRD)

## CERTIFICATIONS

- 100 Days of Code: Python Bootcamp** — Udemy (2026)
- Claude Technical Architect** — Anthropic Claude Partner Network (In Progress, 2026)
- Python, SQL & Excel Bootcamp** — Toronto Metropolitan University (2026)
- GLO-BUS Industry Champion Winner** — Top overall performance in global business strategy simulation (2025)

## EDUCATION

### Bachelor of Commerce — Business Technology Management (Co-op)

2024 – Present

Toronto Metropolitan University | Toronto, ON
