EXPERIENCE

AI Automation Developer Intern

April 2026 – Present

EdVisingU | Remote

- Built and tested AI automation workflows using Claude, n8n, and Codex to support content creation, lead generation, and digital marketing operations.
- Developed HeyGen AI avatar pipelines for short-form educational content across TikTok, Instagram Reels, YouTube Shorts, and LinkedIn.
- Selected as one of 10 founding members completing the official Anthropic Claude Technical Architect certification through the Claude Partner Network.
- Contributed to passive income ecosystem development including automated sales funnels, digital product workflows, and newsletter growth strategies.
- Worked alongside software engineers from Ontario and Arizona State University on scalable AI-powered business systems.

Web App Developer Intern

Jan 2026 – Mar 2026

SWL Co. | Remote

- Developed a full-stack web application using Python and JavaScript, delivering 5+ core features independently.
- Integrated NLP models to add AI-driven functionality, improving the application's intelligent response capabilities.
- Designed and implemented responsive front-end interfaces, ensuring a seamless user experience across devices.
- Managed end-to-end development lifecycle including planning, building, testing, and deployment of web features.

Application Developer Assistant Intern

Jan 2024 – Apr 2024

Andie Works | Hybrid

- Built and improved front-end features for web applications, translating wireframes into responsive user interfaces.
- Performed testing and debugging to identify defects, improving application stability and performance.
- Collaborated with back-end developers and designers to deliver high-quality software solutions.

PROJECTS

AI Content Automation Pipeline | *Claude Code, Claude Cowork, n8n, HeyGen, Codex, REST APIs*

[github.com/Zaid06Khan](#)

- Built AI-driven automation workflows to streamline content creation, lead generation, and digital marketing operations for an EdTech startup (In progress)

Habit Tracker App | *React Native, Expo, TypeScript, JavaScript*

[github.com/Zaid06Khan/habit-tracker-app](#)

- Built a cross-platform mobile habit tracking app using React Native and Expo, supporting iOS and Android with TypeScript architecture.

Google Trends Data Analysis | *Python, Pandas, Matplotlib, Google Trends API*

[github.com/Zaid06Khan/google-trends-analysis](#)

- Extracted and analyzed search trend data to identify interest patterns and compare keyword popularity across regions and time periods.

Wanderlust Travel Planning Website | *HTML5, CSS3, JavaScript*

[github.com/Zaid06Khan/wanderlust-travel-website](#)

- Designed and developed a fully responsive travel planning website featuring destination guides, a budget calculator, and a packing list generator.

SKILLS

Languages: Python, JavaScript, SQL, HTML5, CSS3, Java, Bash

Libraries & Frameworks: Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, Flask, Beautiful Soup, Selenium, Bootstrap 4, React Native

Tools: Git, GitHub, VS Code, PyCharm, PostgreSQL, SQLite, Excel, Power BI, Tableau JIRA, Claude Code, Codex, n8n, Expo

Concepts: Data Analysis, Web Scraping, Automation, REST APIs, OOP, Algorithms, Data Structures, Web Deployment

CERTIFICATIONS

- **100 Days of Code: Python Bootcamp** — Udemy (2026)
- **Claude Technical Architect — Anthropic Claude Partner Network** (In Progress, 2026)
- **Python, SQL & Excel Bootcamp** — Toronto Metropolitan University (2026)
- **GLO-BUS Industry Champion Winner** — Top overall performance in global business strategy simulation

EDUCATION

Bachelor of Commerce — Business Technology Management (Co-op)

2024 – Present

Toronto Metropolitan University | Toronto, ON
